

Jim Nuxoll

Patent Agent

JPNuxoll@hollandhart.com

Jim is a registered Patent Agent with extensive experience in drafting and preparing patent applications for clients.

Drawing from his background in mechanical engineering and with over 25 years of experience in the semiconductor industry, clients trust Jim's familiarity in preparing and prosecuting patent applications. Having worked across multiple facets of this complex technological sector, Jim has guided countless inventors through the patent process, leveraging his deep technical knowledge and industry insights to secure robust protection for innovations in semiconductor processing, manufacturing equipment, and integrated circuit design.

Jim served on the patent committee for a Fortune 500 company focusing on semiconductor manufacturing.

PRACTICES

Intellectual Property
Patent Preparation, Prosecution, and
Counseling

EDUCATION

Arizona State University, M.S.
Mechanical Engineering

Gonzaga University, B.S.
Mechanical Engineering

BAR ADMISSIONS

U.S. Patent and Trademark Office

EXPERIENCE

Preparation and Prosecution

- Domestic and international patent preparation and prosecution
- Patent portfolio development and management

Technologies

Electrical/Electronic/Computer Science

- Semiconductors
- Fifth Generation New Radio (5G NR)
- User equipment interfaces
- Thermal control systems
- Telecommunications
- Electrical hardware and software
- Storage devices
- Circuits
- Memory
