

# Meeting of the Big Sky Energy Future Coalition

## Meeting of the Big Sky Energy Future Coalition

**Insight — 10/29/2009 12:00:00 AM**

On September 1, 2009, Holland & Hart co-hosted a meeting with the Big Sky Carbon Sequestration Partnership at the firm's Denver office to discuss the Partnership's Energy Future Coalition. 30 regional leaders attended the meeting and contributed to the discussion, including representatives from law firms and the business community, government officials, financial institutions, academia, NGOs and other organizations. The meeting provided attendees with updates on legal and regulatory issues associated with carbon capture and sequestration (CCS), and the discussion turned towards possible solutions to regional CCS deployment challenges including development of CCS legal and regulatory frameworks.

Holland & Hart partner Lawrence Wolfe presented on CO<sub>2</sub> pipeline development in the West and jurisdictional issues for CCS pipeline networks. To view his presentation, please [click here](#).

To view other presentations from the Coalition meeting, please visit the Big Sky Carbon Sequestration Partnership's website.
